PPM SILVER COSMETICS

**TOP QUALITY
UNIQUE
PRODUCTS
WITH
HIGH SILVER
CONTENT**

SMART COLLOIDAL SILVER

Smart Colloidal Silver is antimicrobial, all-natural **real colloidal silver** with a high concentration of the smallest silver nanoparticles. The yellow color indicates smaller, more effective antimicrobial nanoparticles than in amber to brown products. They're suspended by mutual electrical repulsion in very pure steam-distilled water. We add no protein or other contaminants which reduce effectiveness.

473 ml (16 fl oz)
30ppm

500PPM SILVER CREAM

A light all-natural antimicrobial cream blend for maximum topical nutrition and conditioning to support healthy, smooth, moisturized skin and strong, healthy nails.

Highest silver content available in an all-natural cream. Silver nanoparticles exceeding 500ppm (parts per million) of net weight. Not made using colloidal silver which cannot achieve this ppm.

Silver is a natural antimicrobial. It kills bacteria, viruses, fungi/yeasts, molds and protozoa parasites for optimal skin and nail condition.

48 gm (1.7 oz net wt.)

150PPM LIP BALM SUPER MOISTURIZING & ANTI-AGING FORMULA

ALL-NATURAL ANTI-MICROBIAL

Use as a high silver content balm wherever desired.

Silver is a natural antimicrobial. It kills viruses, bacteria, fungi/yeasts, molds and protozoa parasites for optimal lip and skin condition.

4.4 ml (0.15 fluid ounce) tubes

**Colorless and tasteless.
Firm consistency goes on light, lasts longer**
